MATH 1123
Actuarial Mathematics 4
Lecture: Tues & Thurs 4 – 5:15, Thackeray Hall 704

Instructor: John Chadam
Office location: Thackeray 512
Email: chadam@pitt.edu

Office Hours: Tues & Thurs, 3 – 4, after lecture, or by appointment

Grading: Weekly 15 minute Quizzes (30%)
Midterm Exam (30%)
Final Exam (40%)

Prerequisite: MATH 1122

Reading Material: We shall make extensive use of the ASM Study Manual for SOA Exam MLC, 14th edition, 3rd printing by Abraham Weishaus, 2015. It has good summaries of the material that will be presented in the lectures and a wealth of examples and worked-out exercises. You should have ready access to this manual.

In addition, two supplementary books, the first recommended by the SOA, are:

Dickson, C.M.D., Hardy, M.R., and Waters, H.R., Actuarial Mathematics for Life Contingent Risks, Cambridge: Cambridge University Press, 2nd edition, 2013: Chapters 1-13 (excluding Sections 10.7 and 11.5). This covers all the material for the SOA MLC exam and will be completed in the two-semester sequence, MATH 1122 – 1123.

I also like:

Students with Disabilities: If you have a disability for which you are or may be requesting an accommodation, you are encouraged to contact both your instructor and the Office of Disability Resources and Services, 216 William Pitt Union, 412-648-7890/412-383-7355 (TTY), as early as possible in the term. Disability Resources and Services will verify your disability and determine reasonable accommodations for this course.
**Academic Integrity**: Cheating/plagiarism will not be tolerated. Students suspected of violating the University of Pittsburgh Policy on Academic Integrity, from the February 1974 Senate Committee on Tenure and Academic Freedom reported to the Senate Council, will be required to participate in the outlined procedural process as initiated by the instructor. A minimum sanction of a zero score for the quiz or exam will be imposed.

**Email Policy**: Each student is issued a University e-mail address (usernamepitt.edu) upon admittance. This e-mail address may be used by the University for official communication with students. Students are expected to read e-mail sent to this account on a regular basis. Failure to read and react to University communications in a timely manner does not absolve the student from knowing and complying with the content of the communications. The University provides an e-mail forwarding service that allows students to read their e-mail via other service providers (e.g., Hotmail, AOL, Yahoo). Students that choose to forward their e-mail from their pitt.edu address to another address do so at their own risk. If e-mail is lost as a result of forwarding, it does not absolve the student from responding to official communications sent to their University e-mail address. To forward e-mail sent to your University account, go to http://accounts.pitt.edu, log into your account, click on Edit Forwarding Addresses, and follow the instructions on the page. Be sure to log out of your account when you have finished. (For the full E-mail Communication Policy, go to www.bc.pitt.edu/policies/policy/09/09-10-01.html.)
