

WORKSHOP ON GEOMETRY AND REPRESENTATION THEORY

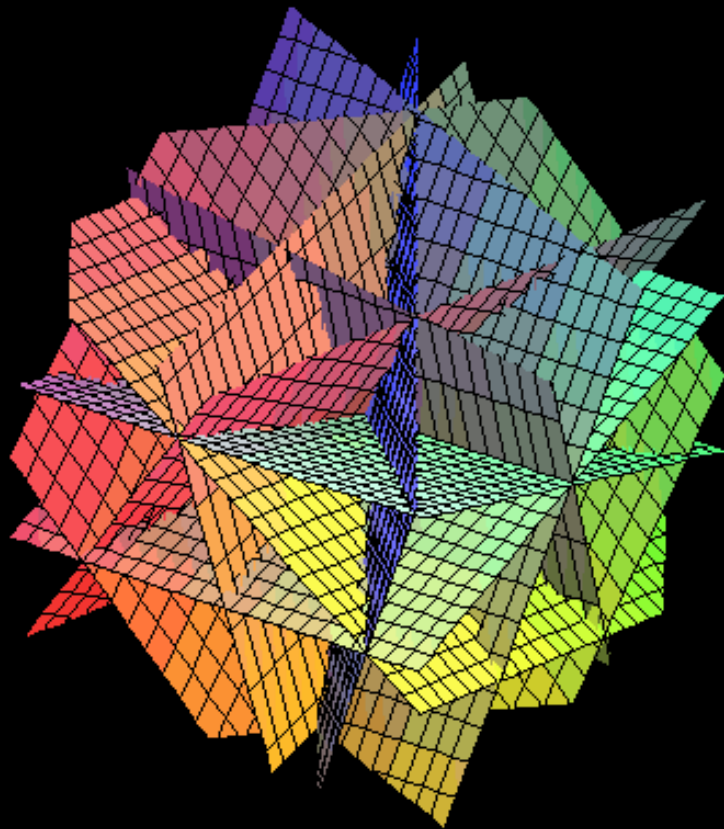

WHEN

February 5, 2015

9am-1pm

WHERE

427 Thackeray Hall

SCHEDULE

9AM-9:45AM

Prof. Thomas Hales
Endoscopic transfer of
orbital integrals in
large residual
characteristic

10AM-10:45AM

Prof. Julia Gordon
Product formulas for
the size of an isogeny
class of elliptic
curves

11AM-11:45AM

Prof. Loren Spice
Asymptotic expan-
sions of characters

12PM-12:50PM

Prof. Federica Fanoni
The maximum injec-
tivity radius of hyper-
bolic 2-orbifolds

SPONSOR

University of Pittsburgh
Department of
Mathematics
Math Research
Center
